Experience

Volunteer @ Puglia SOS (March 2015 – Present)
Barletta, Italy

Puglia SOS is a non profit association that organizes events around Open Source Software.
I am responsible of the Coding Lab, a group of students from high school and university that meet once a week and learn web development by building small apps together.
Technologies and Frameworks: Laravel, NodeJS, Vue.js

Intern @ Dablioo (October 2015 – November 2015)
London, United Kingdom

The internship consisted in designing and building a central IP-PBX system for a hotel. Activities were particularly focused on VOIP technology.

Education

Bachelor's Degree in computer science (October 2016 – July 2019 estimated)
Università degli Studi di Bari, Italy

Industrial Technical Institute - Computer Science (September 2011 - July 2016)
ITIS Enrico Fermi - Barletta, Italy
